

Monday, June 6, 2022	Nauset Ballroom I & Nauset Ballroom II
8:00am – 8:05am	<b>President’s Welcome</b> – Laura Caravetta, MPH, RHIA (MaHIMA Outgoing President 2021-2022)
8:05am – 9:00am	<p><b>Keynote: Title: From Tragedy to Triumph: Navigating the World through a New Lens</b>  <b>Presenter:</b> Matt Brown, President, Matt Brown Foundation, Inc</p> <p><b>Summary:</b> Suffering a spinal cord injury at the age of 15 and being told you’re paralyzed from the shoulders down is a shock. But at a time when he could have closed his door on the world and those around them, Matt decided this was not the end. It was a new beginning.</p> <p>Objectives: To give the listener a background of the injury and show them what goes on behind the scenes of a spinal cord injury and the days, weeks, months and years that follow.</p>
TRACK 1 - Nauset Ballroom I	Coding & CDI
9:00-9:55am	<p><b>Title: Social Determinants of Health and ICD-10-CM Coding</b>  <b>Presenter:</b> Margaret M. (Maggie) Foley, PhD, RHIA, CCS, Associate Professor, Temple University</p> <p><b>Summary:</b> This session will address what are Social Determinants of Health (SDOH) and their relationship to patient health outcomes, costs and potentially reimbursement. The need to collect SDOH information to better reflect patient risks and outcomes will be discussed. The current state of ICD-10-CM coding and documentation for SDOH will be addressed as well as other efforts underway to improve standardize definitions, documentation and coding of SDOH. Steps to improve the capture of SDOH documentation and codes will be provided.</p> <p>Objectives:</p> <ul style="list-style-type: none"> <li>• Understand what social determinants of health (SDoH) are and their impact on patient outcomes.</li> <li>• Apply ICD-10-CM official guidelines for coding social determinant of health information (SDoH).</li> <li>• Understand the potential role for ICD-10-CM codes for SDoH to impact reimbursement and risk adjustment.</li> <li>• Implement strategies to improve the documentation and coding of SDoH</li> </ul>
10:00am-10:55am	<p><b>Topic: Outpatient CDI: Achieving appropriate documentation of diagnoses and treatment</b>  <b>Presenter:</b> Lisa Romanello, MSHI,BSN,RN,CCDS, CCDS-O,CRC AHIMA Certified ICD-10 CM/PCS Trainer          Director, CDI Services, Corrohealth</p>

	<p><b>Summary:</b> OP CDI encompasses a vast array of areas in healthcare. You will hear the Risk Adjustment use to quantify this type of a program. What do all these terms mean? How can we better serve our clients, our physicians and our coders?</p> <p><b>Objectives:</b></p> <ul style="list-style-type: none"> <li>• Define OP CDI</li> <li>• Learn what an HCC is and how it can help our patients.</li> <li>• Explore Risk Adjustment and the role of the Clinical Documentation Specialist</li> <li>• Understand how improved documentation will improve quality metrics.</li> </ul>
<b>TRACK 2 - Nauset Ballroom II</b>	<b>Technology</b>
9:00-9:55am	<p><b>Title: The Future of Telehealth</b>  <b>Presenter:</b> Leanne Harvey, CIO of Harvard Medical Faculty Physicians, BIDMC</p> <p><b>Summary:</b>  <b>Objectives:</b></p>
10:00am-10:55am	<p><b>Title: Continuing the Interoperability Journey: Opportunities for Growth in HIM Domains</b>  <b>Presenter:</b> Rita Bowen. MA, RHIA, CHPS, CHPC, SSGB, Vice President, Privacy, Compliance, and HIM Policy, MRO</p> <p><b>Summary:</b> Interoperability has required HIM to rethink the management and flow of health information throughout its lifecycle. This session describes how to enhance your information governance foundation, outline the enterprise electronic designation recordset (e-Drs), develop data mapping, and share opportunities to streamline a patient-centered care approach. The speaker provides critical insights, timely resources, strategies, sample test plans, recommendations, and suggestions to advance your interoperability and information blocking journey.</p> <p>Objectives: Review modifications to the information blocking rule and address roadblocks to achieving interoperability within provider organizations, health information exchanges, and with health IT vendors.</p> <p>Examine a step-by-step action plan used to prepare stakeholders, conduct a gap analysis, communicate, train and implement a successful compliance program.</p> <p>Identify ways to collaborate with actors to train, test, and adjust within your specific organizations to achieve compliance and prepare for additional regulation changes as we look long-term to encompass all the entities within the health information ecosystem.</p>
<b>General Session</b>	<b>Nauset Ballroom I &amp; II</b>
11:00am-11:55am	<p><b>Title:</b> AHIMA Update to the CSAs  <b>Presenter:</b> Sue Clarke-Kendrick, MHA, RHIA, FAHIMA</p> <p><b>Summary:</b></p>

12:00pm-1:00pm	Vendor Hall – Nauset Center
<b>TRACK 1 - Nauset Ballroom I</b>	<b>Coding &amp; CDI</b>
2:00pm-2:55pm	<p><b>Topic: CDI Leadership Panel; Best Practice, Challenges in the Industry, Workflows; Internal process for clinical validation</b>  <b>Moderated by</b> Scott Eischen. MPH, RHIA, CHC, CCS, CPC;  <b>Panelists:</b> Patricia Barry RN, BSN, M. Ed, CCDS is the Director of Clinical Documentation Integrity at BIDMC  Deb Jones, RN, MSN, Director of Clinical Documentation Improvement Department of Quality and Safety, Brigham Health  Kim Conner, BSN CCDS, CDI Director Inpatient/Outpatient, South Shore Health</p>
3:00pm-3:55pm	<p><b>Topic: The Changing Landscape for Diagnosis Validation</b>  <b>Presenter:</b> Kim Conner, BSN CCDS, CDI Director Inpatient/Outpatient, South Shore Health</p> <p><b>Summary:</b> Discuss commonly targeted denied diagnoses and develop processes to improve supportive documentation to reduce denials and better support the appeal process.</p> <p><b>Objectives:</b></p> <ul style="list-style-type: none"> <li>• Identify the most common diagnoses payers target for denial and why.</li> <li>• Learn strategies to improve documentation surrounding the identified diagnoses</li> <li>• Learn pre-bill strategies to validate targeted diagnoses and the validation query process</li> <li>• Successful provider education and how to choose metrics for feedback.</li> </ul>
<b>TRACK 2 - Nauset Ballroom II</b>	<b>Privacy and Security</b>
2:00pm-2:55pm	<p><b>Title: HIPAA After Two Years of COVID: What Has Changed and What Will Change in the Future?</b>  <b>Presenter:</b> Colin Zick, JD, Partner, Foley Hoag, LLC</p> <p><b>Summary:</b> COVID has made HIPAA a hot topic in many ways, although it has been misunderstood and misinterpreted by some. This session will review the impact of COVID on HIPAA and suggest future changes in HIPAA, related statutes and privacy and data security enforcement efforts.</p> <p><b>Objectives:</b> Provide updates on changes in HIPAA and related statutes, and potential changes in the future.</p>
3:00pm-3:55pm	<p><b>Title: Privacy &amp; Security Updates from the Office for Civil Rights</b>  <b>Presenter:</b> Linda Sanches, MPH, Senior Advisor, Health IT and Privacy Policy, US DHHS, Office for Civil Rights</p> <p><b>Summary:</b> Over the last two years, OCR has issued multiple COVID-19 related enforcement and policy directives. It also issued a proposed regulation that would make major changes to the HIPAA Rules. This session will review these developments.</p> <p><b>Objectives:</b> Gain understanding of evolving federal privacy requirements for health information</p>

<b>4:30pm – 6:00pm – Nauset Center (Exhibitor Hall)</b>	<b>President’s Reception – Nauset Center with the vendors</b>
