JULY 2021- PRESIDENT LETTER

To My Fellow Health Information Professionals,

Wow, what a year! While COVID disrupted everyone and everything, I do feel that MaHIMA had an extremely successful year. The following are a few of the highlights:

- Successful transition from in-person meetings to virtual meetings and educational offerings resulting in increased attendance and higher revenues. [Read more...](#)

MAHIMA MENTORSHIP PROGRAM LAUNCHED – COMMUNICATIONS COMMITTEE UPDATE

The primary goal of the Communications Committee has been and continues to be an enhanced focus on membership and student awareness. We are excited to report achievement in a portion of this goal by launching our Mentor/Mentee program! The intention of the program is to connect subject matter experts with members/students/non-members by sharing information. These mentorship opportunities are not only valuable for members and students, but they also build our membership.

The program brings HIM subject matter experts together with those who are looking to venture into a job change or seeking to know more about a new HIM area. [Read more...](#)
