PRESIDENT'S MESSAGE

OCTOBER 2022- PRESIDENT LETTER

Dear HIM Colleagues,

I am very grateful to you for electing me to serve as your President for the 2022-2023 term. Your expertise, voices and experiences impact patients, communities, and our government, empowering them to positively address healthcare and improve their policies.

Your diligence and participation in our HIM field will make us stronger and better equipped to handle the evolving changes impacting our day-to-day activities. MaHIMA offers us both educational and leadership opportunities. We are better together through sharing, volunteering and linking arms; with this comes the fortified power to continue be those change agents at the hub of every healthcare entity.

Your opinions and ideas have been used by our Communication and Education committees, respectively, in an effort to update members and to keep them enthusiastic about the HIM world. There are opportunities to learn from each other via postings, blogs and social media highlights, and to share our expertise through the mentorship program. The membership engagement task force team has been formed and needs your input and feedback. Its goal is to serve membership better, providing the framework for members to be fully engaged at their jobs, within their community and within MaHIMA. Please visit the MaHIMA websites for more information on webinars/ educational series, volunteer opportunities, job postings and special updates.

On behalf of MaHIMA's Board, I welcome all our new members who recently joined MaHIMA and various committees. I wish you the best and welcome your input and advice on how to make MaHIMA, better, stronger, enjoyable, engaging, and vibrant.

I hope every one of you had the opportunity to get away this summer. Such an opportunity to pause and regenerate is essential for our emotional, mental, and physical well-being. You matter so much! Thanks for all you do!

Sincerely

Love Otuechere, PhD, MHA, RHIA
President, MaHIMA
